MIAMI'S  
ONE OF A KIND

A modern high-rise apartment building with a white facade and balconies, viewed from a low angle. The building is illuminated from within, and the balconies have white railings. In the background, there is a large body of water (Biscayne Bay) with a city skyline (Miami) visible in the distance under a twilight sky. The water is dark, and the city lights are visible on the horizon. A marina with several boats is visible in the foreground.

# A DISTINGUISHED MIAMI

We want to be at the forefront of modernization and change, bringing only the best to North Bay Village. With premium appliances and cutting-edge technology, we prioritize both your comfort and convenience above all. Viega plumbing systems and German SieMatic kitchens outfitted with Miele appliances are fitted perfectly in your home for the lifestyle you deserve, bringing a balance between functionality and luxury. We bring you the best of the best- all in the comfort of your home.

Celebrities like Dean Martin, Judy Garland, and Frank Sinatra went to North Bay Village during the winter in the 60s and 70s and popularized the islands' nighttime entertainment scene. Now it evolved into a Floridian refuge with a more permanent residential population where the pace moves slower. It's a picturesque island and a stylish retreat surrounded by water on all sides. Since North Bay Village is a centrally located island, we're a 10-minute drive away from the beach and a 15' 20' minute drive away from some great local spots.
